Dear Member,

SEAP is glad to share that, Pune IT industry is being heard at the national level. SEAP had represented the IT Industry to take up issues related to GST implementation. A letter was submitted to Shri Arun Jaitley, Honorable Minister of Finance and Corporate Affairs, Government of India. This said letter was routed through the Shri Prakash Javadekar, Honorable Minister of Human Resource Development, Government of India.

The finance ministry has taken a cognizance of the representation and necessary actions were taken, passing the benefits, thereby. The below mail and attached letter is self-explanatory.

This is a great achievement, demonstrating SEAP 's continued building of relations with the government over the last few years to ensure IT industry's interests are safeguarded, we are committed to active participation with various Government bodies.

Thank you for your continued support! Please reach out to us for any queries or suggestions!

Best Regards,

Sameer Soman | President- SEAP
