Dear Sir,

At present the entire world is struggling to fight the pandemic caused due to Novel Coronavirus (COVID-19). Through my letter dated 27th March 2020, I have appealed to individuals/Civil Societies/NGOs working voluntarily to contribute by various means to Pune Municipal Corporation in order to eradicate the spread of COVID-19 that has impacted the city.

In order to deal with this crises Pune Municipal Corporation has already prepared plans & started its implementation. As a response to my appeal you have donated :

1. 300 N95 Masks
2. 75 PPE Kits
3. 300 Sanitizers (100 ML SS Brand GEL)
4. 3000 Hand Gloves

The donation given by you is not only helping us in monetary form, but is also increasing the morale of our entire team of Pune Municipal Corporation, which is working very hard to battle against COVID-19.

I am sure, together we will be successful in winning this battle against COVID-19. I sincerely thank you for your efforts for fighting this cause.

With best regards.

Yours sincerely,
